Student Ombuds Services
2019-20 Annual Report

Submitted by Mike Giancola
Assistant Vice Provost/Student Ombuds

- Student Ombuds Services provides confidential, impartial and informal assistance to address issues of concern, and support to address conflict management, prevention and resolution. The Ombuds advocates for fair processes and empowers students to navigate their NC State experience.

- Student Ombuds Services provides confidential consultations to faculty, staff, administration and parents on a variety of student life issues in support of their roles to promote student success. Additionally, the Student Ombuds helps students, faculty and staff resolve conflicts in productive ways and regularly makes recommendations to campus leaders to help improve student success and organizational excellence.

- Demand for Student Ombuds Services continues to increase. 3102 cases were handled by the Student Ombuds Services during the 2019-20 academic year resulting in 2354 total contacts. This represents a 393% increase in cases and a 53% increase in total contacts, largely in part to responding to Pack Essentials applications during COVID-19 pandemic.
  
  o Note: Case data includes the Pack Essentials applications handled by the 20 additional staff who were trained to respond to applications during COVID-19. Contact data only includes those contacts made by the Student Ombuds (and does not include the contacts made by the other staff).

- Preliminary planning for Student Ombuds Services review to take place in Fall 2020 was completed. Primary questions to explore are:
  
  o Is Student Ombuds Services meeting the needs of students/partners on campus?
  o What are the pro/cons of a comprehensive Ombuds office for students/faculty/staff?
  o Are there other ways in which SOS can serve the campus?
